## Additional Information

## PES Institute of Medical Sciences and Research

### Environment and Sustainability activity by PES Institute of Medical Sciences

PES Institute of Medical Sciences and research policy ensure the preservation and health of natural ecosystems for future generations. It emphasizes the responsible management of resources, reducing waste and pollution, and protecting biodiversity. Key aspects include utilizing renewable energy resources, promoting sustainability, and conservation efforts. Environmental sustainability seeks to balance human needs with the planet's capacity to sustain life, aiming to mitigate climate change and minimize ecological footprints. By fostering a culture of sustainability, societies can enhance their resilience and ensure a healthy environment for all living beings.

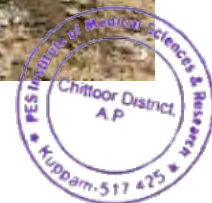

#### Promotion of tree plantation

Planting a sapling is crucial for environmental health and sustainability. This supports biodiversity, and prevents soil erosion. Trees also enhance the aesthetic and recreational value of urban and rural areas, contributing to human well-being. Planting saplings is an investment in the future, promoting cleaner air, water conservation, and a balanced ecosystem. It also fosters community involvement and environmental stewardship, encouraging individuals to contribute positively to their surroundings and combat global environmental challenges.

Number of students participated: 85

NSS Unit Special camp

Student and faculty members involved in tree plantation activity at Chittoor

PESIMSR NSS Unit Special camp on March 2024 at Chittoor to create awareness among the people about important of tree plantation

PESIMSR NSS Unit Special camp to create awareness among the people about important of tree plantation

**INSTITUTIONAL RESEARCH COMMITTEE**

No: PESIMSR/IRC/14/2019

Dated: 14-06-2019

**CIRCULAR**

One Day Training Programme on

***“Good Clinical Practice (GCP), Regulatory and Ethical Issues  
in Bio-medical Research”***

- **About the Programme:** This programme is to orient the participants to ensure that the research is scientifically conducted, documented and implemented as per standard ethical and regulatory guidelines.
- **Why it is important?** --- As per ICMR and Drug Controller General of India, all the faculty and scholars involved in research should have a GCP certification.
- **Who should attend the Programme:**
  1. **Members of IRC & IHEC --- Mandatory**
  2. **PG Guides --- Mandatory**
  3. **1<sup>st</sup> Year PG students--- Mandatory**
  4. Medical and Nursing faculty involved in research
  5. Any other faculty and students who are interested
- **GCP Certification:** Provided to participants who attend all the sessions.

**Registration:**

Dr. Priyadarshini NJ, Contact: 8123745469  
Mr. Janakiraman P, Contact: 8144731575

**Note:** Kindly register early for certification

**Registration is free**

**Date:** 20<sup>th</sup> June 2019, Thursday **Time:** 9:00 am to 3:30 pm

**Venue:** Lecture Hall IV (AC), College Building, PESIMSR

**Organized by:** PESIMSR in collaboration with CliniQuest India
