For further correspondence, the registration number of the dissertation must be quoted without fail.

The Principal is further informed to make a note of the following:

- In 2021-22, **96** proposals have been submitted to the University for Registration. The details of pending topics of 2021-22, if any, should be sent immediately for registration duly explaining the reasons for late submission.
- The pending topics if any, in respect of the students admitted prior to 2021-22 may also be sent to University for registration duly explaining the reasons for late submission.
- Each topic of a student should be recommended by HOD and to be forwarded by Principal.
- While selecting topics for dissertation, the HOD should ensure that topics selected in the previous 05 years are avoided. For this purpose, the previous dissertation topics registered by all the PG students are made available on the website of this University. In case of any repetition of the topics, the concerned Principal / HOD will be held responsible.

Yours faithfully,

For further correspondence, the registration number of the dissertation must be quoted without fail.

The Principal is further informed to make a note of the following:

- In 2020-21, 87 proposals have been submitted to the University for Registration. The details of pending topics of 2020-21, if any, should be sent immediately for registration duly explaining the reasons for late submission.
- The pending topics if any, in respect of the students admitted prior to 2020-21 may also be sent to University for registration duly explaining the reasons for late submission.
- Each topic of a student should be recommended by HOD and to be forwarded by Principal.
- While selecting topics for dissertation, the HOD should ensure that topics selected in the previous 05 years are avoided. For this purpose, the data of the topics registered by all the PG students for the academic years 2009-10, 2010-11, 2011-12, 2012-13, 2013-14, 2014-15, 2015-16, 2016-17, 2017-18 & 2018-19 are made available in the website of this University. In case of any repetition of the topics, the concerned Principal / HOD will be held responsible.

Yours faithfully,

For further correspondence, the registration number of the dissertation must be quoted without fail.

The Principal is further informed to make a note of the following:

- In 2019-20, 63 proposals have been submitted to the University for Registration. The details of pending topics of 2019-20, if any, should be sent immediately for registration duly explaining the reasons for late submission.
- The pending topics if any, in respect of the students admitted prior to 2019-20 may also be sent to University for registration duly explaining the reasons for late submission.
- Each topic of a student should be recommended by HOD and to be forwarded by Principal.
- While selecting topics for dissertation, the HOD should ensure that topics selected in the previous 05 years are avoided. For this purpose, the data of the topics registered by all the PG students for the academic years 2009-10, 2010-11, 2011-12, 2012-13, 2013-14, 2014-15, 2015-16, 2016-17, 2017-18 & 2018-19 are made available in the website of this University. In case of any repetition of the topics, the concerned Principal / HOD will be held responsible.

Yours faithfully,
